

# AUTISM

## Myths and Facts

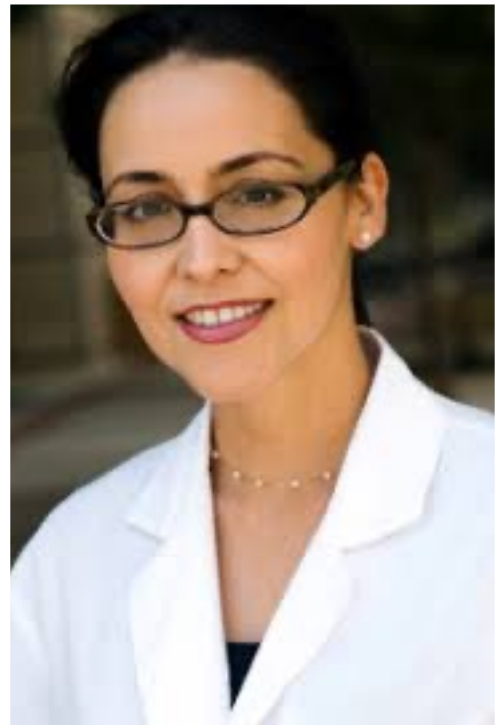

Zoom One-hour Discussion Presented by

***Dr. Pantea Hannauer***

*Wednesday, January 27, 4 pm*

*Misconceptions and myths abound about Autism - from it being caused by vaccinations to being the result of bad parenting. What is autism, and why does it carry such varying understandings about it? Join Dr. Pantea Hannauer as she presents the FACTS about autism, and busts the myths.*

Dr. Pantea Sharifi Hannauer is a Pediatric Neurologist, who specializes in Autism and Epilepsy and Neurodevelopmental Disorders. She is board-certified by the American Board of Psychiatry and Neurology with sub-specialty training in Pediatric Neurology. As Attending Clinical Professor at **UCLA Medical Center**, she is recognized as one of the premier experts in the fields of Autism Spectrum Disorder, Autism, Epilepsy, developmental delays, pediatric behavioral issues, and learning disabilities. An integral part of the UCLA Department of Child Neurology, she is actively engaged in teaching medical students, interns and residents. She is also the founder and Medical Director of Pediatric Minds Medical Clinic, the Early Childhood Treatment Center (ECTC), and Pediatric Minds Developmental Services (ABA services).
